

Dr. Chetan J. Bhongale,
Assistant Professor,
Department of Applied Chemistry

Academic Background:

PhD (Applied Chemistry), NCTU, Taiwan
Humboldt Post-doctoral Research Fellow, Germany
JSPS Post-doctoral Research Fellow, Japan
Post-doctoral Research Fellow, University of Nevada, Las Vegas (UNLV), USA

Research Description:

Research interests of my group include- Organic and hybrid nanomaterials, Organic synthesis, Nanoparticles and nanocrystals synthesis and characterization, Self-assembly and Biomimeticity, Biomineralization, Polymer nanocomposites, Solid rocket propellants, Fuel cells

Honours and Awards:

- DST Fast Track Young Scientist Award-2014
- Alexander von Humboldt Fellowship, Germany-2007
- JSPS Fellowship, Japan-2009
- Doctoral Research Fellowship, Ministry of Education, Taiwan
- Referee for various journals of international repute
